OVERVIEW TRANSCRIPT

PHARMACOTHERAPY UPDATE 2022: NEW DRUGS FOR PRIMARY CARE

The FDA approved 50 new pharmaceutical agents in 2021 with 54% of them being first in class. This means that over half of new agents entering the market are unfamiliar to healthcare...

Course history

Not complete? To figure out what's missing, compare course completions for the current license cycle to your renewal requirements. [Link](#)

This screen represents your dashboard when you have logged in and created a password.

At the top will be your license number and title indicator. If you want to report your CEs, click on the white box in the upper right corner.

To the right of the arrow, you will see the status of the continuing education credits you have uploaded. Once this box says Complete, you are in compliance for the current year according to what you have entered as credits in CE Broker. CE Broker does not determine if the CEs are approved by the Board. This function will be determined by a Board audit.

COURSES			ADDITIONAL CREDIT		REMOVED	
COURSE			RATING		HOURS

▼		Geriatric dentistry lg1 Completed 07/12/2023	Rate course		3 Live	
▼		A sound recession proof restorative hygiene practice lg2	Rate course		3 Live	

Below, in the dashboard, you will see a list of courses you have entered.

To the right, there is a box allowing you to download a pdf report. If you would like to see what you are missing in CEs, this report is a great place to look.

The CE report will list courses, completion dates, providers, who reported it (could be self-reported or reported by an approved provider of CEs), subject areas covered, and credits earned. If there is an error or a section is missed, this report will give you information as to what needs to be uploaded. You can delete something put in the wrong section and re-upload it. If there is a problem with this, the customer service at CE Broker can help. 877-434-6323
