Track your official Alabama CE/CME records

CE Broker tracks your continuing education requirements and makes license management easier than ever.

Available to professionals associated with
- Alabama State Board of Occupational Therapy
- Alabama State Board of Respiratory Therapy
- Board of Dental Examiners of Alabama

Pick your plan

Start tracking your official Alabama CE/CME requirements now

Wrong state? Select your location

Now it is time to choose your plan.
Choose the free Basic plan which is required by the Board of Dental Examiners.

If you want more services from CE Broker, you can choose the Professional or the Concierge accounts. However, everything that you need is located within the Basic account.
Register for the Basic Account

1. Enter your license

    License number

    Forgot your license number?  

    Continue

What's included in the Basic account?

- Find appropriate courses
- Manage your official CE records
- See your CE compliance status
- Report CE activities to your board

“I have been a subscriber since CE Broker started. I remember what it was like before and it’s so much easier now. It’s a great way to track credits.”

Put your entire license number in the box indicated starting with a D for dentists and H for hygienists

Search

Clear

This license lookup window will appear and you can search for your full license number.
This screen represents your dashboard when you have logged in and created a password.

At the top will be your license number and title indicator. If you want to report your CEs, click on the white box in the upper right corner.

To the right of the arrow, you will see the status of the continuing education credits you have uploaded. Once this box says Complete, you are in compliance for the current year according to what you have entered as credits in CE Broker. CE Broker does not determine if the CEs are approved by the Board. This function will be determined by a Board audit.
Below, in the dashboard, you will see a list of courses you have entered.

To the right, there is a box allowing you to download a pdf report. If you would like to see what you are missing in CEs, this report is a great place to look.
The CE report will list courses, completion dates, providers, who reported it (could be self-reported or reported by an approved provider of CEs), subject areas covered, and credits earned. If there is an error or a section is missed, this report will give you information as to what needs to be uploaded. You can delete something put in the wrong section and re-upload it. If there is a problem with this, the customer service at CE Broker can help. 877-434-6323
