Dr. Jones made the following statement for the record:

“I would like to take this opportunity to discuss how meetings will be conducted this year for the Board of Dental Examiners of Alabama. I want order and civility in board meetings. I will follow Roberts Rules of Order for meetings as closely as possible. Requests by individuals to address the board must be received no later than 7 days before the scheduled board meeting. This is required by Alabama Administrative Rules. Each speaker will be added to the agenda, but we must know the topic being discussed. The speaker will have 10 minutes to present their topic.

Public comment time is your opportunity to make your views known to the board and it is our time to listen to you. Therefore, we encourage those making public comments to use your time wisely and not to expect board members or staff to answer questions or engage in debate during public comment time. If a topic is on the agenda and a member of the public wishes to comment on the topic, the individual must raise their hand and I as the Board President may exercise my discretion to call on them. The individual will be expected to ask their question or make their comment in a brief and succinct manner.

Going forward after today, I will be strict as Board President in adhering to this policy for board meetings.

Dr. Pruitt, I understand that you wished to address the board. You did not meet the seven-day requirement in our administrative rules in order to make public comments today. However, I am going to exercise my discretion as President of this Board to allow you to address the Board for 5 minutes, if you need additional time, you will be added to the November board meeting agenda where you can continue to present your topic. Your time starts now.”

Dr. Robin Pruitt presented public comments.

Mr. Windom and Mr. Ingram addressed the Board regarding legislative issues and current activity with the Governor’s Office regarding several executive orders. During the conversation, it was noted that the current information being requested by Governor Ivey’s Office must be submitted under a sworn affidavit from the Executive Director, which has not been requested in the past. Dr. Sims made a motion to allow Director Strickland to compile the information with Mr. Dettling and submit it under a sworn affidavit on behalf of the Board. Dr. Gray seconded the motion. The motion passed with unanimous consent.

Director Strickland presented the Board with binders containing all pending legislative work product conducted on behalf of the Board by the general counsel and staff for the last several years. He asked the Board to review the information and set priorities in which they would like the general counsel and staff to focus. Director Strickland advised that a formal legislative work session will be scheduled in December 2024. Mr. Windom asked the Board to consider being as conservative as possible in their review.

The motion passed with unanimous consent.

Director Strickland noted that this was the first request/application under the new Special Volunteer License created in conjunction with Alabama State Representative A.J. Director Strickland submitted an emailed request from Ms. Sherry Campbell, RDH on behalf of Dr. McIlwain who received the request. After reviewing the request and noting that Ms. Campbell was present in the audience along with Dr. Mazer, Dr. Jones advised Ms. Campbell that she would allow her five (5) minutes to address the Board. The subject of the request was clarification of when site evaluations for outreach activities are required by the Board. Both Ms. Campbell and Dr. Mazer spoke during the time allowed. Director Strickland advised the Board that site evaluations are only conducted when they are requested by the educational entity. He advised that staff at the UAB-School of Dentistry have explained that the university's legal counsel has required a site evaluation for certain outreach activities to meet their internal protocols. When asked, Mr. Dettling advised that he would be happy to discuss this matter further with the university's legal counsel regarding their additional requirements. Dr. Sims made a motion to allow the next scheduled outreach event for UAB to proceed without a site evaluation. Ms. Alexander seconded the motion. The motion passed with unanimous consent.

Director Strickland presented a request from the CRDTS Steering Committee to appoint a current board member to fill the seat vacated by Dr. Pischek when his term ended with the Board. Dr. Sims made a motion to appoint Ms. Alexander to fill the vacancy. Dr. White seconded the motion.

Dr. Jones called for a break at 10:15 a.m.

Dr. Jones called the meeting to order at 10:25 a.m.

Director Strickland presented the information that the Board previously requested regarding UAB's Dental Hygiene Infiltration Course. He advised that blocks are taught as part of the curriculum, but not practiced clinically or part of the testing for the course. Dr. Patrick Louis, the course's primary instructor, advised that the program could develop the curriculum to formally include blocks. He also advised that a new/separate permit from the Board should not be needed. Mr. Dettling advised the Board that the current Dental Hygiene Infiltration Permit criteria is statutory and would take a change in the law, not a board rule. Dr. Gray spoke on the potential risks of dental hygienist performing blocks. Dr. Jones appointed a sub-committee to review the issue and bring a recommendation back to the Board. The committee members were Dr. Gray, Dr. White, and Dr. York.

Director Strickland called on Compliance Director, Kevin Lane, to discuss how the Board communicates with complainants at the conclusion of formal investigations. Mr. Lane advised that he and Dr. Dixon were drafting a form letter that would allow uniform notification to complainants. Specifically, those investigations that conclude with a Consent or Final Order from the Board. He explained that this would assist in future audits from the state examiners. Board members were in agreement with the suggestion and asked that Mr. Lane present his work product at the November 2024 board meeting.

Director Strickland requested the Board's permission to explore a partnership with the Alabama Department of Public Health (ADPH) on a statewide ad campaign addressing the dangers to the public from illegal veneers, braces, tooth gems, and teeth whitening. The emphasis of the campaign would be public safety. Director Strickland noted that the ADPH requested guidance from the board staff in recent months about whether tooth gems were illegal in Alabama. He also noted recent complaints received by the Board of unlicensed individuals providing veneers and braces in hotels, conferences, private residences, etc. The Board asked Director Strickland to make some initial contacts and begin the process and keep the Board apprised.

Director Strickland requested the Board continue their discussion regarding Halcion (Triazolam) and whether its use by dentists would require an Oral Conscious Sedation (OCS) permit. The previously appointed sub-committee consisted of Dr. Jones, Dr. Sims, Dr. McIlwain, and Dr. Koslin (Chair of BDEAL Anesthesia Committee). Dr. Jones and Dr. Sims presented the results of their discussions and previous meeting. The sub-committee was unanimous in their recommendation that Halcion, classified as a sedative-hypnotic, would require an OCS permit for use by dentists. Additionally, the committee members advised that a formal recommendation would be presented to the Board at the November 2024 board meeting, along with a suggested list of approved controlled substances to be used for OCS, Parenteral Sedation, and General Anesthesia. Dr. Dixon participated in the discussion by phone.

Director Strickland presented Dr. Gray's request for the Board to begin live-streaming board meetings. After discussion as to when a live-stream may need to be discontinued for certain events occurring during a regular board meeting such as case reviews and formal disciplinary hearings, Dr. Gray made a motion to begin live-streaming board meetings. Dr. York seconded the motion. During discussion of the motion, Mr. Dettling reminded the Board that the state's archive department would need to be contacted regarding their requirements for recording and maintaining those recordings. Additionally, Mr. Dettling and the Board discussed concerns regarding unwarranted publicity for case reviews and contested case hearings, both of which take place in public meetings, but in which the licensees are presumed innocent. After a brief discussion, Dr. Gray withdrew his motion. Dr. Jones then made a motion to table Dr. Gray's motion until the November 2024 board meeting to allow Mr. Dettling to seek further guidance from the Attorney General's Office and the State Archives department. Dr. Sims seconded the motion. The motion passed with unanimous consent.

Director Strickland requested the Board set the audit parameters for annual, required continuing education audit. After discussion, the Board directed Director Strickland to randomly audit twenty (20) dentists and twenty (20) dental hygienists.

Mr. Dettling presented the Attorney's Report. He advised that attorney Jim Ward submitted a request and asked the Board to issue a Declaratory Ruling on the request. After a discussion, Mr. Dettling recommended the Board deny this petition for a declaratory ruling, on grounds that it is procedurally defective, in that it does not name the identity of the party seeking the ruling, which in turn makes it impossible for this Board to determine whether the person or entity seeking relief is substantially affected by the rules or statutes under Alabama Administrative Code Rule 270-X-5-.03(2). Additionally, the petition, as presented, does not address the statutory language starting with the words "...provided that..." in Alabama Code Section 34-9-7(a)(5), so if they [Mr. Ward] would like to submit another petition that complies with the rules, he should address that part of the statute as well. Dr. Sims made a motion to approve Mr. Dettling's recommendation as stated. Dr. White seconded the motion. The motion passed with unanimous consent.
