A discussion was also held about license renewals every two years instead of annually, as well as re-wording the Board elections guidelines to be clear that both dentist and hygiene candidates would need to be actively practicing either as a dentist or a hygienist for five years immediately preceding running for a board seat.

A different discussion was initiated about candidates running for a seat who worked for the same business as a seated board member, and other requirements in the election part of the DPA.

Finally, a discussion was held regarding General Supervision vs. Direct Supervision. Dr. White and Ms. Perry had the opinion that job duty specifications would need to be rewritten for hygienists and assistants if supervision was changed.

Dr. McIlwain stated that modernization of the DPA was warranted with specific guidelines addressing record retention, digital imagery, and electronic dental records.
